

FCRIT Vashi

ETAMAX 2018

ज़ारा ख़त्के

22 - 24 February

FCRIT COUNCIL

ABOUT FCRIT VASHI

Fr. C. Rodrigues institute of Technology was established in as an extension of the pioneering efforts of the Agnel Ashram fathers, in the arena of Technical Education with the relentless pursuit of excellence as its guiding force.

F.C.R.I.T, in a short span of time established itself as a leading Engineering college in Mumbai, bagging at least one university 1st rank every year starting with its first graduating batch.

It has also made its mark in sports, extra-curricular and co-curricular activities. Government of Maharashtra awarded F.C.R.I.T. an A grade in its first assessment.

ABOUT ETAMAX

Known as CRITERIA up until 2002, ETAMAX is the inter-collegiate technocultural fest of FCRIT, Vashi, celebrating in it's 16th year of glory.

It focusses on igniting the minds of the students across the nation with a number of technical and cultural events. Being a completely student organised fest, we believe in practical learning. With our thoughtfully crafted events and workshops, we aim to motivate young minds to find creative solutions to real life problems.

Over the past decade, it has been groomed to become one of the biggest and most eagerly awaited college fests in Navi Mumbai with thousands of students participating each year.

It has seen celebrities like Shankar Mahadevan, Aditya Narayan and Nikhil

ABOUT THEME

This year, the theme that we have taken up, is what we stand for, it's our PURPOSE, and that is to create something 'ZARA HATKE'.

Our college stands for it's dynamic nature of student and industry approach, and stands out amongst other colleges because of it's morals and ethics. To be different and make a change is what drives us students.

With every generation, comes change, comes revolution.

And in a world today where we are transcending innovations at all sorts of levels, whether it is

- ISRO launching it's 100th satellite, sometimes 20 at a time.
- the 13 year old who built a plane
- the two girls who travel around the world teaching Bhangra
- Tesla Roadster 2.0 going from 0-60kmph in 1.8s

No matter what sort of innovation it is, it stands out because it is Zara Hatke.

We present to you, Etamax 2018 - Zara Hatke.

As engineers we comprehend Eta as efficiency or ideality factor, and that is exactly what we intend to bring out in EtaMAX.

Hatke twists for the competitions - Technical and Cultural, we intend for our theme to gleam through every event and every student.

This constant urge to make a difference and bring about change is what drove us to theme our Etamax as 'Zara Hatke', and with it, we want to encourage students to risk for innovation, let their creativity flow and

imagination wander, because only the craziest, most Hatke, ideas birth the best innovations.

Etamax 2018 - Zara Hatke

FCRIT, Vashi.

Timeline - Day 1

ETMAX 2018

22nd - 24th Feb

Events **9-10am** | **10-11am** | **11am-12pm** | **12-1pm** | **1-2pm** | **2-3pm** | **3-4pm** | **4-5pm** | **5-6pm** | **6-7:30pm**
